

CLASS NEWS

Year Six

Autumn 2

Welcome back after the half term everyone. Year 6 will be working extremely hard this half term leading up to the Christmas period. We will be concentrating on text and sentence structure within English and on Number within our Maths sessions.

Bikeability has been a really fun experience.

I am really excited about going to Robinwood.

I'm excited about SATs!!

Our half term will be spent learning about Commitment & Vocations, and other World Faiths for the first part. Then we will be concentrating fully on the joyous period of Advent. This is an incredibly special time in our Christian calendar and the children will be preparing for this important event.

In our Science work we will develop our knowledge and understanding of Living Things - Habitats.

This half term we will be promoting a real push on reading and we will be exploring our second class novel in Book Club. Children are welcome to read a wide variety of materials and should be encouraged to do so as much as possible at home.

We will be exploring several new texts and examining the language and punctuation within them to further develop our understanding of how these elements enhance the reading experience and how best to draw upon this knowledge to advance our own writing.

In the weeks ahead we will be developing our investigation of the Vikings and moving our learning on to our new topic of The Water Cycle.

Finally, please remember the following:

- Children should read each night and record it in their diaries, signed by an adult if possible.
- Mental Maths key skills understanding will continue to be a large focus for home learning this half term.

We also have our wonderful trip to Robinwood to look forward to. This is an exciting opportunity for the class to work together building their communication skills, problem solving skills and resilience.

We would also like to invite all parents to this year's Carol Concert which will be held on Monday 18th December. This is always a very special event and we would love to see you there.

I would like to thank all parents for their continued support of Year 6 and our school. Together we will make this year the most successful one yet.

Many thanks

Mr. Doherty
