Water Talk

9th November - Parent
Assembly 9.15am

21st November -
Robinwood

12th December -
Class Celebration

19th December -
Last day of half
term

Welcome back after a very successful first half term. You have all made an excellent start to Year 6. This half term is extremely busy as always. As well as lots of learning we have our Parent assembly, class and Christmas celebrations and auditions for our Spring Term play. Our RE lessons this half term will explore how people serve our community in different ways and how the leaders in our church achieve great things through their dedication to God.

Our topic for this half term is Physical Geography. We will be learning about the stages of the Water Cycle; which includes a visit from United Utilities, and learning lots about the Rivers of the World.

The main Science focus for this half term is Humans and Animals. Science will continue to be taught by Mr Alexander.

The highlight for everyone this half term, I am sure will be Robinwood. All of the children are as enthusiastic as I am to tackle the exciting challenges this trip offers!

Finally, please remember the following:

- Homework is set weekly and should be returned each Tuesday fully completed.
- Children should read with an adult each night, record it in their diary, and return it to school each day.
- PE is on a **Friday afternoon** and pupils should bring in full school PE kit to wear. No earrings please!

'The beautiful thing about learning is that no one can take it away from you'
