

Year 3 Class Newsletter

Spring 2, 2019

Our current RE topic is the Eucharist. The children have been working hard learning about the Communion Rite and using their learning to produce role-plays of the various parts of the Rite. Year 3 have also been very active in class liturgies.

Year 3 have been researching Volcanoes and have become quite knowledgeable about how they are formed.

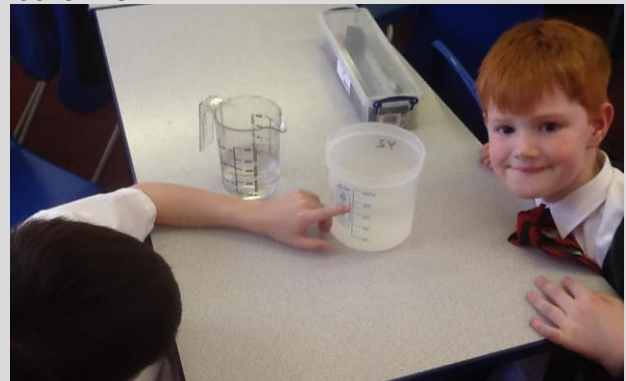

We have also been spinning round and round in space like the Tardis then collecting interesting verbs and adjectives to describe our setting.

In Maths, we have been estimating the mass of various objects:

and finding out what $\frac{1}{4}$, $\frac{1}{2}$ and $\frac{3}{4}$ of one litre looks like.

QUICK REMINDER:

- Good Shepherd for Year 3 & 4 is 21st March.
- Year 3 are baking this half-term. We will be making bread and shaping the dough in interesting ways!
- Our summer school trip will probably take place in June. We will be going to Speedwell Cavern and aim to keep the cost below £18.00 if possible.

Thank you for your support with spelling, times tables and reading. Mrs Ogdon
