W/b 18th March - Book Fair

27th March - Healthy Schools Measurements

29th March - Easter Bingo

Welcome back after a very successful end to last half term. I know you will have all been as proud as I was of their incredible performance in 'Superstan'. I hope you all had a lovely half term I have been very impressed with the work some of the children have put into extending their learning during the break. Over the coming weeks it will be sure to pay off! Our RE lessons this half term will be learning about the Eucharist and further exploring our knowledge of what

Our topic for this half term is Local History. We will be learning about changes that have occurred in our community over time. The main Science focus for this half term will continue to be Evolution and Inheritance. Science will continue to be taught by Mr Alexander. Boosters will continue to run throughout the half term. By working at school and at home we can ensure all the children do their very best. Encourage them to keep up all their hard work and lets have the most successful half term yet!

Finally, please remember the following:

- Homework is set weekly and should be returned each Tuesday fully completed.
- Children should read with an adult each night, record it in their diary, and return it to school each day.
- PE is on a **Friday afternoon** and pupils should bring in full school PE kit to wear. No earrings please!

'The beautiful thing about learning is that no one can take it away from you'
